The Darryl Worley Foundation partnership means that we will be able to continue our mission to provide service dogs and training to disabled heroes in need, empowering them as they return to civilian life with new-found independence; reducing suicide and overcrowding in animal shelters, and make the necessary needed repairs that will enable WDFV to adopt and pair 50 additional dogs annually," said Kenneth Knabenshue, Founder and National President of Working Dogs For Vets.

"This lifesaving investment is important in helping Working Dogs For Vets to save lives at both ends of the leash!" added Knabenshue. In 2023 alone, WDFV provided 1,197 services to 203 beneficiaries, with monetary value of benefits that exceeded three million dollars.
